

# Strategic Plan 2020-2025

Building on more than 45 years of work at the heart of child care in San Francisco, we are proud to share Children's Council's new strategic plan, which articulates our aspirations, prioritizes areas of investment, and lays out an action plan for the next five years.

By executing this strategic plan, Children's Council, its Board, staff, funders and partners will be working hard together to make our aspirational Vision a reality for children and families in San Francisco. We look forward to updating you on our progress.
